

Church Life Minister - Cheshire

NWBA is seeking to appoint a Church Life Minister for Cheshire. The person appointed will be the first point of contact for NWBA churches in South Manchester,

East and West Cheshire and Warrington. They will be proactive in drawing those churches together, developing networks of support and respond to any immediate issues or concerns. They will work as part of the NWBA team, drawing on the expertise, experience and capacity of other team members as required. They will also be required to relate to Churches Together in Cheshire, representing the Regional Minister Team Leader in this capacity. They would also be asked to deputise on occasion for other NWBA team members as part of sharing our ongoing workload.

At its most basic level, this is a 6 hours per week equivalent role, which would be engaged flexibly and could be fitted around other responsibilities. It is likely to suit someone who is already actively involved in an NWBA church in that area, but this is by no means a pre-requirement.

The post could be further extended if a suitable individual was able to offer skills and experience in a broader capacity. NWBA is particularly seeking to increase capacity in safeguarding and digital media, but we are also open to consider other areas of vision and experience that might be of benefit to our member churches.

We are initially seeking expressions of interest either from:

Individuals who are interested in fulfilling this role, alongside other responsibilities

Or

Churches seeking to make a leadership appointment that could be combined with this.

If you are interested in discussing this with us further, please in the first instance send a letter or email of no more than one side of A4 outlining the nature of your interest, why you feel you may be suited to this role and how you could see this working alongside any other position with which it might be combined. If you are a church or group, please explain how this would be combined with the appointment you are seeking to make. We are happy to hear from individuals, churches or joint submissions.

Please send your initial expression of interest by Friday 15th October 2021.
