

Come and discuss what Intergenerational Church looks like

A conversation hosted by Sandra Crawford, Regional Minister & Linda Hopkins Tutor, Northern Baptist College

26th Feb 10am-3pm Lunch included

Venue: NWBA Resource Centre, Fleet Street, Wigan, WN5 0DS

- * Are we leaving youth and children's ministry to a few dedicated people?
- * How can we disciple children and young people in a way which is integrated into the context of the wider church?
- * We may have identified that there is a need to bridge the gap but how do we bring the generations together?
- * Are we willing to work on being a community in which children and young people lead as well as follow, speak as well as listen, and give as well as receive?

"a young person's faith is best tended by a variety of relationships within a Christian community"
Yaconelli

"The church is a community of cross generational relationships which few other social institutions can offer"
King and Benson

a 'community of faith',
asking how adults can best be Christian with children.
