

Happy Easter!

It is estimated that the average child in the UK receives around £40 worth of Easter eggs and treats. The Chocolate Egg market in the UK is estimated to be worth over £200 million. Even a modest treat over the holiday period is likely to cost £5. As Christians, we would recognise the events of Holy Week and Easter as being far more significant than a shelf full of chocolate eggs - but they are still treats that many of us will enjoy.

We're not asking you to give up chocolate, but surely it's worth investing something in sharing the real message of Easter in our communities. If you were willing to give just £5 to Home Mission every month, you could make a real difference to the work of Baptist churches in the North Western area. Can we count you in?
