A gathering
for
**ALL women
in NWBA**

Our speaker, **Chrissy Remsberg** is the pastor of Beacon Church, a Baptist church in Stafford. She is also the co-leader of the Firestarters Network, which is committed to Baptist churches helping other Baptist churches to grow. Her passion is to see people released and empowered to use their gifts to share Jesus and grow the church. She has co-authored two books around mission and church planting. Chrissy will explore with us what it means to be women whom God has chosen and called into his purpose for us and the Church.
